Group Companies

The following companies shape
GRUPPE HEINLEIN

MARITIMA HEINLEIN offers shipagency services in all Argentine Ports. Founded in 1981, the company became a leader in the activity by offering a wide range of services.

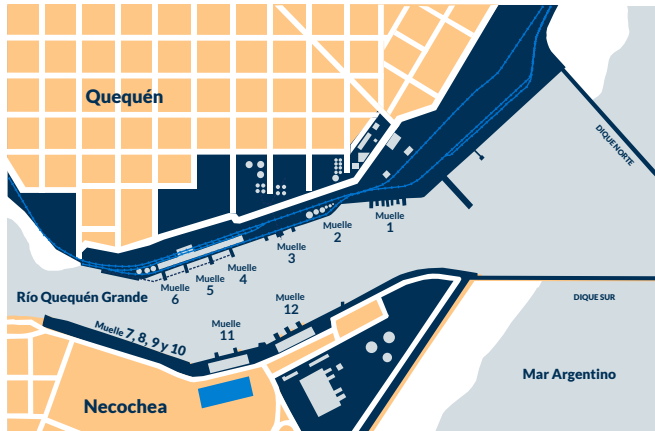

As from 1994, we have been nominated by **EVERGREEN MARINE CORPORATION** for their weekly container service linking **Far East** with **Buenos Aires**.

With a wide range of customers, our **Tramps Operations Department** serves all kind of ships and cargoes all across **Argentina** and **Uruguay**.

Dry bulk, tankers and project cargoes are amongst the most usual activities en this sector.

Main South Waterway Ports Over the South Atlantic Ocean

Main Waterway Ports

Over the River Plate Basin

River Plate Basin extends through 3.200.000 sq km being the Paraná River remarkable as one of the outstanding and flowing rivers of the world. The basin also comprises the Paraguay and Uruguay Rivers.

This hydrographic system flows into the River Plate and all the way through the Atlantic Ocean.

The average water flow of the basin amounts to 23,000 cubic meters.

Most of them are streams navigable by medium size vessels and almost all of them by barges.

 Rainbow

In 1999 **Gruppe Heinlein**'s own Travel Agency, **RAINBOW** was founded.

Specialised in Corporate Travel, Congresses and Events both home and abroad. Always offering personalised service plus cutting edge customer service tools.

As to offer our customers a broader range of services, **SOUTHATLANTIC International Freight Forwarding** was founded in 1989, a company specialised in international logistics; optimising and coordinating airfreight, maritime and multimodal Transport through a wide range of networking agents around the world.

We specialise in manufacturing and processing frozen foodstuff of remarkable added value.

Our trademarks **KARINAT** and **KRISPY CUKS** are widely marketed through retail, food service and food industries both for domestic and international markets.

M-PRODUCTS is an international trading company which cooperates with the logistics needs of local companies.

Our Strength:

- Market evaluation.
- Inbound and outbound trading.
- Insurance.
- Financing.
- Full logistics with door to door service.

FUNCKE was created on 2005 to bring a full logistic support to the group, by offering national and international transport of containers, general and project cargoes, as well as national and bonded storage warehouses.

To cover most of the logistic needs, there was one segment to be developed: **LCL Cargoes**.

In 2016 **HEINLEIN NVOCC** was launched, **LCL cargoes** segment. This division provides full service to our customers who require partial shipments, from EXW, FCA and FOB up to unstuffing and warehousing at Heinlein's Buenos Aires facilities.
